The mare owner agrees to pay the stallion owner the following fees:

- A non-refundable booking fee of \$300.00, which is due at the signing of this contract. This fee will be deducted from the service fee of \$1200 (incl GST).
- Please note there is an additional charge for the transportation of semen. Please inquire with Equibreed what charges will apply.
- The remainder of the service fee is payable before the first shipment of semen, please note no semen will be sent until all fee's are paid.
- No collection fee will be charged for the collection of the first semen shipment. Each subsequent semen shipment will be liable for a collection fee (\$225 approx) plus transport costs. Please inquire with Equibreed what charges will apply.

Where possible orders for semen are to be placed 48 hours before the semen is required.

Return service / Life foal guarantee

If the mare is not in-foal, she can return in the following breeding season, but will be liable for another booking fee and collection and transport cost for the semen. The mare will be limited to four inseminations in any one breeding season.

If the foal does not survive longer than 24 hours, the life foal guarantee applies. A veterinary certificate must be provided to the stallion owner within a week of the examination.

All rights of return to the stallion do not include booking fees, collection and transportation fees.

If the mare becomes unable to breed for any reason, the mare owner may swap the return service.

Warranty: The stallion owner is not liable for cost, delayed or damaged semen due to circumstances beyond her control.

Refund: If the Stallion dies or becomes unfit for breeding prior to serving the mare in the present breeding season a full refund will be given. However if the Mare has already had her first insemination a full refund less Stallion collection costs will be given.
